# Preface

This is a transcription of *Erster Theil zwey-stimmiger SONATEN und SUITEN* by Dietrich Becker. The source used is a facsimile of the original Hamburg from 1674.

I have always tried to be as close as possible to the original, but some changes has been made. All accidentals has been converted to modern standard. Editorial suggestions has been added as small accidentals above the staff. Notes that were changed has the original notes added above or below in the score. A reconstructed missing note (Sonata 11) is set in a smaller size. All beaming is added by the editor.

The purpose of this edition, as well as all other music released by me, is a combination of me trying to learn more about 17:th and 18:th century music, and, at the same time, helping other people to get hold of interesting and rare music. Suggestions and corrections can be sent to the address below.
