Preface

This is a transcription of *Noels en Trio* by Michel-Richard de Lalande. The source used is a facsimile of the original Paris print. The surviving copy of the original print is now preserved at the Bibliothque National de France, Paris.

I have always tried to be as close as possible to the original, but some changes have been made. All accidentals have been converted to modern standard. Editorial suggestions have been added as small accidentals above the staff. Clefs have been changed to bass and treble for the basso continuo (previously bass and alto clef) and treble for the treble parts (originally French violin clef).

The purpose of this edition, as well as all other music released by me, is a combination of me trying to learn more about 17:th and 18:th century music, and, at the same time, helping other people to get hold of interesting and rare music. Suggestions and corrections can be sent to the address below.
